

WEDDERWILL WEEKLY

Hi everyone,

5 November 2010

Raw Water Network Upgrade

If you are on the raw water network please note that the system will be down on Wednesday and Thursday this coming week as an upgrade will be taking place.

End of Year Function

Just to remind you that on Friday 26 Nov the Wedderwill Social Committee will be arranging a year-end function for all homeowners and residents. Please could you advise Rowan by next Friday if you will be attending and how many adults and children so that arrangements can be made with the caterers. We would appreciate it if you would also let her know if you are NOT coming.

Nature on Wedderwill

Remember that the next NOW function will be a hack in the Glades tomorrow, Sat. 6 November. Please come armed with all the necessary equipment, clippers, loppers, gloves, etc. and meet at the Oak tree at 0900.

Schapenberg Walk for Wine

On Saturday 13 Nov walkers will meet at Wedderwill Winery at 0830. The walk will follow the new single track that has been cleared for the Wine to Whales cycle race. You will get to taste 12 Degree and 17 Degree Wedderwill wines and also the wonderful Da Capo range as well as experience the most amazing views along the Gantouw Pass. The walk is an out and back 13kms. Please contact Di Marais to book your walk.

You Gotta love living here

I get so excited when I get sent evidence of naturally occurring wildlife near Wedderwill! The cameras that have been installed on Lourensford and Vergelegen have been very active proving that we have the most amazing wildlife right on our doorstep.

Cape Leopard

Caracal – captured at 6h30am.

Beautiful Honey Badgers

Sir Lowry's Pass Pooches

Julia Edwards would like to thank the two homeowners at East Ridge who committed to assist with the initiative to help the dogs in the Village. If you are able to help with a financial contribution or with food for these neglected animals please contact Julia on 021 8581709 or at JEdwards@FlexiPack.co.za.

That's all for now folks.

Regards,

Karen
